

Energy and Renewable Energy Buyers Source on ThomasNet.com

The U.S. market for renewable energy – including solar, hydropower, geothermal, biomass, and wind – is currently \$33.3 billion, and is expected to grow to \$38.9 billion by 2013.¹ At the same time the energy industry – including oil and gas, electric, and natural gas – also continue to grow.

¹ "United States - Renewable Energy - Market Forecasts," Datamonitor Market Research Profiles, April, 2009

A wide range of industrial businesses provide products/services to the energy and renewable energy industries. These companies have a strong presence on ThomasNet.com – where energy and renewable energy buyers and specifiers go online to find what they need.

Renewable Energy-Related Products and Services

Agilent	Corning	Kodak
Alcatel-Lucent	Disney	Lilly
Alcoa	Dow	Lowes
American Airlines	Dupont	Northrop Grumman Corporation
American Standard	Earth Tech	Oceana Sensor
Anheuser-Busch	Goodyear	Praxair, Inc.
Ball Corporation	Graybar	Sony
Baxter	Home Depot	Starbucks
Boeing	Honda	Whole Foods
Chevron	Honeywell	Xerox

Energy-Related Products and Services

Alberta Energy Company Limited	Citgo Petroleum	Orwell Natural Gas
American Electric Power	ConocoPhillips	Parker Hannifin
Amoco Corporation	Dow Chemical	Reliant Energy
Baker Hughes	Emerson Electric	Shell Group
Bechtel Group, Inc.	ExxonMobil	Siemens AG
Boeing	General Electric	Toshiba
BP	Goodrich	Valero Energy
Champion Technologies Inc.	Johnson Controls	Westinghouse Electric Company
Chesapeake Energy	Lynch Metals Inc.	Xcel Energy
Chevron	Mitsubishi Heavy Industries	

What Sellers are Saying About ThomasNet.com

“Companies like Chevron and ConocoPhillips are downloading our 3D CADs.”

Matt O’Kane, Business Director and General Manager
Magnecraft, Division of Schneider Electric Relays LLC
Manufacturer of Automation Equipment and Controls

“In today’s economy we can’t afford to waste a dime! ThomasNet helps us make the best use of every dollar we spend with them.”

Jerry Barber, President
BoilerSupplies.com/Power Plus International
Distributor of Heat Exchangers and Replacement Tube Bundles

Renewable Energy Products and Services on ThomasNet.com:

Energy & Renewable Energy

- Absorbers: Solar Energy
- Alternate Fuel & Hybrid Vehicle Component Test Equipment
- Ballasts: Energy Saving
- Batteries: Solar Energy
- Biodiesel Processing Equipment
- Bladders: Biogas
- Bladders: Ethanol
- Blades: Turbine, Wind
- Blowers: Air, Energy Efficient
- Capacitors: Energy Storage
- Cells: Solar Energy
- Chargers: Solar Battery
- Compressors: Air, Energy Efficient
- Concentrators: Solar Energy
- Controls: Energy Management
- Enclosures: Solar
- Energy Absorbers
- Energy Audits: Industrial & Commercial
- Energy Recovery Systems
- Energy Savings Performance Contracting (ESPC)
- Film: Solar Control Window
- Generator Sets: Hydroelectric
- Glass: Solar
- Heat Pumps: Geothermal
- Heaters: Energy Efficient
- Heaters: Solar
- Instruments: Thermal Energy
- Inverters: Alternative Energy
- Inverters: Wind Powered
- Lighting: Energy-Saving
- Lighting: Fluorescent, Energy Saving
- Metallization: Solar Cell
- Meters: Energy
- Monitors: Energy Management
- Motors: Energy Efficient
- Oil Biodegradable Treatment Liquids
- Ovens: Solar
- Pads: Solar Heating
- Panels: Solar Collector
- Pumps: Solar Powered
- Reflectors: Solar
- Remote Solar Power Systems
- Roofing: Solar
- Screens: Solar
- Sheets: Solar Energy Reflector
- Software: Energy, Power & Utility
- Solar Energy Equipment
- Solar Simulators
- Thermometers: Energy Management
- Transformers: Electric
- Transformers: Lighting & Power
- Wire: Solar Cell
- ...and more

What Buyers are Saying About ThomasNet.com

“When I’m designing something I go to ThomasNet.com a couple times a week. If I’m looking for something unusual, I go to ThomasNet.com and find it. I get 3D CAD drawings that I use with SolidWorks.”

Carl Stoesz, Senior Project Engineer
Baker Oil Tools
Manufacturer of Oil and Gas Well Equipment and Supplies

“ThomasNet.com saves me from looking elsewhere because it’s all industrial. Even when I do use Google, ThomasNet.com comes up in the search results.”

Max Lagod, VP Engineering
Hypermax Engineering, Inc.
Manufacturer of Diesel Engine Accessories

Energy Products and Services on ThomasNet.com:

- Air Cooled Transformers
- Ash, Cement & Coal Hoppers
- Battery Charging Transformers
- Boiler Fuel Oil Heaters
- Coal & Ore Dumps
- Coal Separators
- Coal, Ash, Gravel & Sand Handling Conveyors
- Crude Oil Desalting Processes
- Crude Oil Engines
- DC to DC Transformers
- Diesel Dispensing Tanks
- Diesel Turbochargers
- Diesel-Gas Convertible Engines
- Distribution Transformers
- Drive Isolation Transformers
- Evaporative Cooler Gas Turbines
- Fire Resistant Transformers
- Flat-Pack Power Transformers
- Gas & Oil Meters
- Gas Power Plants
- Gas Turbines
- Gasoline & Oil Fuel Lines
- General Purpose Transformers
- High Voltage Transformers
- House Heating Oil-Fired Furnaces
- Industrial Oil Fired Furnaces
- Integrated Magnetics Transformers
- Inverter Transformers
- Low Voltage Transformers
- Marine Transformers
- Military Specification Transformers
- Natural Gas Pipeline Design & Engineering Services
- Offshore Oil Rig Equipment
- Oil & Gas Combined Furnaces
- Oil & Gas Couplings
- Oil & Gas Exploration Equipment
- Oil Field Chemicals
- Portable Diesel Engines
- Portable Transformers
- Propane Gas
- Refinery Oil Line Pumps
- Regulating Transformers
- Servo Drive Isolation Transformers
- Substation Transformers
- Superconducting Energy Storage Devices
- Unit Substation Transformers
- Used Oil Boilers
- Variable Voltage Transformers
- Voltage Regulating Transformers
- Waste Heat Recovery Power Plants
- ...and more
